

1.1.1 The Institution ensures effective curriculum planning and delivery through a well-planned and documented process including Academic calendar and conduct of continuous internal Assessment Response:

Samata Degree college is approved by AICTE and affiliated to Andhra University and, follows the curriculum prescribed by the university. This curriculum is revised periodically by the university Board of Studies. The university publishes the academic calendar for the semesters. Academic calendar provides details regarding date of commencement of academic session, duration of semester, period of internal assessments and semester end examinations in an academic year. The academic calendar serves as an information tool to plan the academic activities for students and faculty of the institution. The academic calendar is well disseminated on the website, so that the other stakeholders are informed regarding the activities and events happening in the institution. The academic calendar includes the commencement of classes, practical examinations, Internal Evaluation and University examinations.

Teaching plans are prepared for each subject in the teaching plan by the faculty before the commencement of the semester and it is duly approved after careful examination by the Head of the Department and is adhered. The teaching plan encompasses the learning outcomes and the assessment of outcomes. The teaching plan is prepared taking into the account of the following aspects: In case of theory subjects, the syllabus is prescribed by the university and in case of practical subjects, the experiments are prescribed by the university and the additional experiments will be conducted based on the specific requirements.

The institution strictly adheres to the academic calendar given by the University for the Conduction of Continuous Internal Evaluation (CIE). Two internal tests are being conducted in a semester. The timetable of the internal examinations is displayed in advance. The internal examination related activities like the evaluation of the answer scripts, posting of marks in the portal and display of marks in the notice board for students is undertaken in a systematic way.

The institution follows the mentoring system to enhance the academic performance of students. The faculty is allocated as mentor for a group of every thirty students. The holistic performance of the student is continuously monitored and guided.

Apart from traditional methods, Samata Degree College has taken immense responsibility of generating innovative learning to all the students by conducting various training programs like Internships, Projects and Field Visits. All the departments of Samata Degree college conducts Add-On Programs apart from the subjects specified in the curriculum. The institution strives continuously to upgrade to the latest infrastructure which enables the teaching and learning process effective and efficient.

A proper execution of the said objectives requires a dedicated body to plan, implement, monitor and evaluate the performance metrics. In this regard, an **Internal Quality Assurance Cell (IQAC)** was established in Samata Degree College on 2nd January 2023 and is functioning to its best to meet the specified outcomes.
