Based on the assessment, the career counsellor helps identify short-term and long-term career goals and develops a realistic plan. The counsellor provides information on various industries, job roles, and qualifications, helping the individual explore different career options based on their interests, skills, and values. Career counselling guides working professionals in enhancing skills, knowledge, and exploring growth opportunities within their current or different fields.

Career learning outcomes:

To create Awareness regarding Career Building. To support the students by providing necessary information about weightage of marks. To give audience and coaching with free accessibility. Clarify their values, interests, strengths, and skills. Articulate their transferable, liberal arts, graduate, and work-related skills. Identify and research a wide variety of career fields and opportunities Cultivate a professional network and engage in informational interviews. Gain experience and insights through site visits, job shadowing and internships. Evaluate the environmental fit of a variety of work settings and roles.
